

# Become a Partner

**Employee development** is an important strategic tool for your organization's continued growth, prosperity, and ability to retain valuable employees. Help your employees achieve career success by providing educational opportunities through the **Felician University Partnership Program**. Felician offers a variety of academic programs in business, education, nursing, computer science and counseling psychology, to name a few.

Our Partnership Program provides special discounted tuition rates, convenient class times for full-time employees, and plenty of personal attention and support. Students gain valuable knowledge from the first day of class as they apply classroom learning to the work setting and vice versa, which leads to higher work engagement.

Felician University believes in building close relationships within local communities and is open to partnering with companies who support and help their employees. Felician University will work together with your company to identify specific organizational goals and build a program specifically for your needs. **Contact Michael Szarek at 201.355.1450.**
